I. AU PAIR HOSTING APPLICATION

Article 1. General terms and conditions

For any young person, au pair hosting is likely to be a rewarding experience, serving as an opportunity to perfect their language skills and broaden their cultural horizons. To this end, the young person will be provided with accommodation and food by their host family living in the Grand Duchy of Luxembourg, who will enroll them in language training and cultural activities of their choice and will bear the related costs.

This program can also be very interesting for the hosting family on several levels. In particular, it is an opportunity to welcome a young foreigner with a different cultural portfolio from that of the family and to integrate them as a full member of the family for a fixed period of time. Although the young person's participation in family and household chores is not the main purpose of the stay, the family benefits from the young person's support in the daily supervision of their young and older children as well as in the organization and performance of light household chores.

Nevertheless, the strong emphasis of the au pair stay must be on cultural exchange: both the au pair and the host family benefit from it.

In Luxembourg, the hosting of au pairs is regulated by the law of 18 February 2013. With this law, the Luxembourg legislator has created a solid framework within which the temporary residence of a young person aged between 18 and 29 years can take place. In this respect, it should be remembered that the young au pair must be at least 18 years old and less than 30 years old at the beginning of the au pair placement. The law confers a specific status upon the young au pair.

Duration of the au pair hosting

In any case, the duration of the au pair hosting may not exceed one year. Should the duration and period of the hosting change, the host family undertakes to inform the National Youth Service ("*Service national de la jeunesse*", hereinafter referred to as "SNJ") of the new dates by sending an amendment to the agreement, duly containing the new dates of arrival and departure, always taking into account the one-year limit.

The young au pair will be hosted in the host family for a period of:

From	To	Duration in months

During the hosting period determined by the family together with the young au pair, the family will ensure that the young au pair can make the most of this opportunity to pursue the main objective of the au pair program, namely, the discovery of the Grand Duchy of Luxembourg and the familiarization with its cultural aspects. The host family will involve the au pair fully in their everyday family life and will enable them to improve their language skills by attending language classes. In addition, the host family will support the young person in their will to broaden their general cultural knowledge, in particular by discovering the Grand Duchy of Luxembourg and through regular participation in the country's cultural activities.
